Project | SEARCH®
Community Regional Medical Center
Fresno

- Project Search is a combined employment training and internship program for young adults, 20-39, with intellectual disabilities.
- Participants will be in program at Community Regional Medical Center, M-F from 8:30am-2:30pm. Project SEARCH program dates for 2022 are August 1, 2022- May 5, 2023.
- An instructor/job coach works with interns on employability skills in the classroom during the first hour and last half-hour of each day.
- The bulk of the day is spent at an unpaid work assignment, which will rotate three times per program year.
- Job development services are to start at the second half of the program year.
- Participants may apply to open positions for permanent employment at Community Regional Medical Center.
- Students not anticipated to be employed by CMRC, will be actively assisted in finding employment with other community businesses using the skills they developed in Project Search.
- A successful program outcome for Project Search is a job working 16 or more hours per week making minimum wage in an integrated setting.

Application deadline is May 1, 2022. Contact your CVRC counselor or David Keosheyan at 271-6647 or dkeosheyan@cvrc.org
